DSI

Highland Park Ill.

Dec. 26 - 1896.

My Dear Prof. Thompson

I have just returned from Boston where I have been for the last six months - experimenting. I find a very pleasant reminder of you - my dear friend - in the shape of "Michael Faraday - His life and Work". I value the book very highly not only for its intrinsic merit but because of the donor.

Mrs Gray joins me

and yours
in wishing you a Merry Christmas
and a happy New Year.

very Sincerely your friend

Elisha Gray

Gray Electric Company,

Highland Park, Ill. Feb 18th 1892

Dear Prof- Earhart-

We had a meeting as I
suppose you had a note soon after
same time. On Executive Com-
was appointed and on additional Secy-
at that meeting- Nothing as- Secy-
Executive Com- & E. M. Barton-
Also. Kimball- & B.E. Sunny- F. W. Parker-
and you and I Ex-officio-

The Richmond letter has- after
a great deal "trapping" by Barton been
abridged with the Stamp of one word
from the map we left it.

You had better Send a Copy of the

resolution passed by the Institute to the Editor of the Electrician. Personally I see no difference with them for the very point I communicated with the Chairman of their room. He disclaimed ever having any attempt of Extortion and they did everything I asked promptly and without hesitation, Somebody ments to make it appear that the Institute made demands and that they got what they demanded. This is an affront to Keidlus last that I would send the resolution and simply state the facts in few words and not irritate Mr Sat" more than is necessary.

Yes I am on the Committee on School of Technology = We met a few days ago - Dr Harper was present - a room was assigned to report later.

Yours truly - Elisha Gray

DSI

THE WORLD'S CONGRESS AUXILIARY
OF THE WORLD'S COLUMBIAN EXPOSITION.

ADVISORY COUNCIL,

CHICAGO WORLD'S CONGRESS OF ELECTRICIANS.

PRESIDENT, DR. ELISHA GRAY, HIGHLAND PARK, ILL.
